TALK TIME

Children are engaged through interactive activities including songs, puzzles, games, and crafts to increase their receptive and expressive vocabularies. Each session focuses on a different set of vocabulary words and incorporates important concepts such as colors, matching prepositions and actions. The children will go home with a craft or coloring page to showcase their new vocabulary words and enable them to continue practicing throughout the week.

First Session: **A Day on the Farm:** A new twist on Old MacDonald, children will pick puzzle pieces out of a bag in order to complete the song. A farm set and craft will help complete our session.

Second Session: **In My Refrigerator, Exploring Food & Drink:** This session will include a matching fruit game, a refrigerator and fruit bowl craft, and pretend play with a kitchen set.

Third Session: **Diving into Colors:** Utilizing books, texture bins, and finger-paints to get us started we will explore the world of color. A scavenger hunt will take us around the room and help us create our own tissue paper rainbow.

Fourth Session: **Vroom-Vroom. Trains, Planes, & Automobiles:** This session has it all: books, texture bins, crafts, a racetrack and train set!

Fifth Session: **A Day at the Zoo:** This session will include a look through animal books, an animal card game, and a small paper zoo to take home and enjoy.

Sixth Session: **The Body & My Family:** A small booklet will be completed with each child's eye color, hair color, and outlines of their hands and feet. Puzzles and Play-Doh will help us continue to explore the body.

NOTE: Each family is invited to bring a book about the day's topic from home or the library to share and explore during the session. There must be 6 participants signed up for this class. It is one time a week with the option of a second class the same week. Please call to register or you can register online at www.therapyplay.com.

Class Instructor: Lisa Scalfani, MS, CCC-SLP (Speech Therapist)
